Join us for an evening of fun & competition, benefiting at-risk city teens. Champion Academy was founded in 2015 by NFL's Roland Williams, who himself was once just a Rochester kid raised in poverty. He has committed to help break the cycle that undermines the success of kids here in Rochester by coaching, mentoring, and empowering them to reach their potential.

In honor of the firm's 25th anniversary, Ravi has committed to supporting Champion Academy's efforts to foster achievement and brighter futures. We are proud to invite you to join us in this cause.
